With all the dissatisfaction with our government the voters decided to leave the status quo in place. That means that PPACA will be implemented over the next 14 months and we need to be informed in order to help our clients – both current clients and potential clients.

But what will be happening in Georgia – will we have an exchange – will we expand Medicaid as ACA calls for – what other state decisions must be made in the near future to make sure the insurance markets continue to function?

Find out on January 31 when GAHU holds its annual Day on the Hill. We will hear from the leadership of the House and the Senate, from the Department of Insurance, the Governor's Office and others on what the future will hold here in Georgia. Join us from 11:30 until 2:30 on Thursday January 31 for our annual visit with the leadership of the Empire State of the South.

Cost = \$40.00 per attendee which includes Buffet lunch
