

Day At The Capital

Your Opportunity to Support GAHU Legislative Efforts

Day at the Capital 2015

February 12, 2015 ~ 11am until 2pm

Health insurance has become one of the leading issues of these times for elected officials. Federal mandates have forced state officers to act to protect their constituents even while fighting the law in the courts. GAHU is the leading organization of health insurance professionals in Georgia. We are the state affiliate of the National Association of Health Underwriters, representing insurance professionals that provide coverage to thousands of employers insuring millions of Americans. We are working daily to assist our clients in the individual and group market to adapt their health insurance plans for the new law and regulations. We have worked with the NAIC, NCOIL and NCSL to make recommendations regarding the regulations being developed in Washington and to devise model state legislative and regulatory guides to assist states in the daunting task of implementation of the law.

In order to make our Legislative activities possible, we need your support. We have the following opportunities for financial support of our association and its broker – members. In addition to the recognition below you may provide materials to be placed on each table.
